**7-Day South Indian Vegetarian Meal Plan**

7 days · 28 meals

Chennai · Lacto-vegetarian

**1. Personal profile**

| Parameter | Details |
|---|---|
| Age | 35 years |
| Gender | Male |
| Height | 180 cm |
| Weight | 75 kg |
| BMI | 23.1 |
| Activity level | Moderately active |
| Food preference | Vegetarian – dairy allowed, no eggs |
| Location | Chennai, Tamil Nadu |
| Goal | Healthy weight management and fitness |
| Cooking time | 20–30 minutes on weekdays |

Health observation: Your BMI of approximately 23.1 is within the standard healthy adult range. Aggressive weight loss is not indicated by BMI alone. This plan focuses on balanced nutrition, adequate protein, portion awareness and maintaining a healthy body composition.
